HknRails domain model

ResumeBook
- cutoff_date date
- details text
- directory string
- iso_file string
- pdf_file string
- remarks string
- title string

Property
- coursesurveys_active boolean ◦
- semester string
- tutoring_enabled boolean
- tutoring_end integer
- tutoring_message text
- tutoring_start integer

Eligibility
- address1 string
- address2 string
- candidate_id integer
- city string
- class_level integer
- confidence integer ◦
- email string
- first_name string
- first_reg date
- group integer ◦
- last_name string
- major string
- middle_initial string
- semester string ◦
- state string
- zip string

DeptTourRequest
- comments text
- contact string ◦
- date datetime ◦
- name string ◦
- phone string
- responded boolean
- submitted datetime ◦

Company
- address text
- comments text
- name string ◦ U
- persistence_token string ◦ U
- single_access_token string ◦ U
- website string

Contact
- cellphone string
- comments text
- email string ◦
- name string ◦
- phone string

Transaction
- amount integer ◦
- charge_id string ◦
- description text
- receipt_secret string

IndrelEvent
- comments text
- feedback text
- food text
- officer string
- prizes text
- time datetime ◦
- turnout integer

CalnetUser
- authorized_course_surveys boolean
- name string
- uid string

IndrelEventType
- name string ◦

Location
- capacity integer ◦
- comments text
- name string ◦

EventType
- name string ◦

Event
- description text ◦
- end_time datetime ◦
- location string ◦
- markdown boolean ◦
- name string ◦
- need_transportation boolean ◦
- slug string
- start_time datetime ◦

Block
- end_time datetime ◦
- rsvp_cap integer
- start_time datetime ◦

Rsvp
- comment text
- confirm_comment text
- confirmed string
- transportation integer

Group
- committee boolean ◦
- description text ◦
- name string ◦ U

CourseType
- chart_pref_x float ◦
- chart_pref_y float ◦
- color string ◦
- name string ◦

Course
- course_guide text
- course_number integer ◦ U
- description text
- name string
- prefix string
- prereqs text
- suffix string
- units integer

Department
- abbr string ◦
- name string ◦

Exam
- exam_type integer ◦
- filename string ◦
- is_solution boolean ◦
- number integer

CourseChart
- bias_x integer
- bias_y integer
- depth float ◦
- show boolean

Klass
- location string
- notes text
- num_students integer
- section integer U
- semester string ◦
- time string

Coursesurvey
- max_surveyors integer
- scheduled_time datetime
- status integer ◦

Badge
- name string
- url string

MobileCarrier
- name string ◦
- sms_email string ◦

Person
- aim string
- approved boolean
- crypted_password string ◦
- current_login_at datetime
- date_of_birth date
- email string ◦ U
- failed_login_count integer ◦
- first_name string ◦
- grad_semester string
- graduation string
- last_name string ◦
- local_address string
- password_salt string ◦
- perishable_token string ◦ U
- perm_address string
- persistence_token string ◦
- phone_number string
- picture string
- private boolean ◦
- reset_password_at datetime
- reset_password_link string
- single_access_token string ◦ U
- sms_alerts boolean
- username string ◦ U

Committeeship
- committee string U
- semester string
- title string

Candidate
- committee_preferences string
- quiz_score integer ◦
- release string

CommitteePreference
- rank integer

QuizResponse
- correct boolean ◦
- number string ◦
- response string

Election
- desired_username string
- elected boolean ◦
- elected_time datetime ◦
- keycard integer
- midnight_meeting boolean
- non_hkn_email string
- position string ◦
- semester string ◦
- sid integer
- txt boolean

Challenge
- description text
- name string
- status boolean

Resume
- file string ◦
- graduation_semester string ◦
- graduation_year integer
- included boolean ◦
- major_gpa decimal
- overall_gpa decimal
- resume_text text ◦

CoursePrereq
- is_recommended boolean

SurveyQuestion
- important boolean
- inverted boolean
- keyword integer
- max integer ◦
- text string ◦

Suggestion
- suggestion text

Alumni
- company string
- grad_school string
- grad_semester string ◦
- job_title string
- location string
- mailing_list boolean
- perm_email string ◦
- salary integer (8)
- suggestions text

Announcement
- body string
- title string

CoursePreference
- level integer ◦

Availability
- hour integer ◦
- preference_level integer ◦
- preferred_room integer ◦
- room_strength integer
- semester string ◦
- wday integer ◦

Instructor
- email string
- first_name string U
- home_page string
- interests text
- last_name string ◦
- office string
- phone_number string
- picture string
- private boolean
- title string

Instructorship
- comment string
- hidden boolean ◦
- ta boolean ◦

SurveyAnswer
- deviation float
- frequencies string ◦
- mean float
- median float
- order integer

Tutor
- adjacency integer
- languages string

SlotChange
- add_sub integer
- date datetime
- tutor_id integer

Slot
- hour integer ◦ U
- room integer ◦
- wday integer ◦

ActiveRecord::SessionStore::Session
- data text
- session_id string ◦
